EXPERIENCE

Sailing the Cinque Terre:

Riomaggiore: The first village along the coast; a cascade of colorful houses perched on a narrow cliff that plunges straight into the sea.

Manarola: Famous for its iconic postcard views. From the water, you can admire the vertical vineyard terraces covering the hillside above.

Corniglia: The only village with no direct access to the water, nestled on a 100-meter-high promontory and surrounded by lush vegetation.

Vernazza: Considered by many the most picturesque village from the sea, featuring its imposing castle tower, a church right on the pier, and a sheltered natural bay.

Monterosso al Mare: The largest village, characterized by wide sandy beaches and divided into two distinct parts by a tunnel carved into the rock.

Snorkeling equipment available upon request (for free)

Late Afternoon: You will be served a chilled glass of local Cinque Terre DOC wine (a dry, mineral, and crisp white wine, perfect for the seaside), accompanied by artisanal appetizers including authentic warm Ligurian focaccia and Taggiasca olives.

Sunset: Enjoy the opportunity to watch the sunset directly from the boat, with one of the world's most fascinating landscapes serving as your backdrop.

Around 8:00 PM – Disembarkation: Return to your starting point with our luxury car or van.
